- IP65 rating, water-proof, crush proof, durable, not affected by rain, snow, sleet etc.
- CE, FCC, Patent letter
- 18650 rechargeable li-ion battery with 2400mAh capacity,
- It is available to uses this battery in parallel connection to increase battery quantities and capacity
- A battery module with which alternative function modules can be connected
- Provided with overcharge, over discharge, overvoltage and over current protection to ensure safety.
- It can be Connected to the battery housing as compass cap

Parameter:

Light Source	6W CREE R2x2
Illumination	280lm
Color Temperature	6500K
Irradiation Distance	100m
Picture Format	JPG 5million pixels
Video Format	AVI

Prism Lighting Services, LLC.

DV Resolution	1280 x 720
Frame Rate	30fps
Memory Capacity	8GB (Standard), support Max. 32GB
USB interface	USB2.0
Size (1 battery)	138*36*24mm
Weight(1 battery)	100g

1pcs Battery

Battery Capacity	2400mAh (1pcs)
Charger	DC4.2V, 1000mA
Battery Type	18650 Li-battery
Rechargeable number	≥1000 (cycled)
Battery Charging Time	3hrs

2pcs batteries

DVR only	Working time 20hrs
Weak light & DVR	Working time 8hrs
Strong light only	Working time 6hrs
